GREAT ESTATES

Norma Mirsky is a second generation Realtor, born and raised in Palm Beach County. After receiving her B.A. in Elementary Education from the University of South Florida, Norma decided her passion was in real estate. Norma holds the honor of being the youngest real estate broker in Palm Beach County when she received her license in 1983. She also practiced condominium management in the Palm Beaches from 1983 to 1990. In 1990 the management company was sold so she could devote 100% of her time to real estate. Having run her own real estate company for over 20 years Norma continues to build strategic alliance in Colorado, Florida, Manhattan, and the Hamptons.

Norma was honored to sit on the advisory board of Palm Beach National bank until its merger with Colonial Bank in 2003. Norma was also proud to be President of the Palm Beach Board of Realtors in the year 2007.

Norma brings her practices of real estate now to Boulder County where she is focusing marketing and successfully selling properties just as she has done throughout Palm Beach County. Please call her at the Niwot office of Colorado Landmark, Realtors.
